Subject: Letter of Support from the European Commission for the Up2U project

To Whom It May Concern

On behalf of the European Commission, I am writing in support of the “*Up to University (Up2U) – Bridging the gap between schools and universities through informal education*” project. We believe that the specific innovation action described in the grant agreement, the cross-section of formal and informal learning environments will contribute to the implementation and success of the Opening Up Education policy of the European Commission ¹.

Therefore, I give my full support to the Up2U project in conducting their planned pilots.²

Yours faithfully,

Alina Senn
Project Officer of Up2U project
